MyOn

MyOn is our online reading platform, where children will never run out of great reads with 1000s of books to choose from, as well as timely and relevant news articles. They can choose from personalised recommendations, browse by topic or genre, or search using keywords. Children can read on their favourite digital device, online or offline, and can use the built-in close reading tools to mark-up pages, highlight words, listen to audio versions, and interact with the text. Each child should have a log in and password. If you have any queries, please contact you teacher via Class Dojo.
