Physical intervention

See DfE guidance: [Use of reasonable force in schools](#)

In some circumstances, staff may use reasonable force to intervene with a student to prevent them:

- Causing disorder that disrupts learning
- Hurting themselves or others
- Damaging property that leads to the injury of others

Incidents of physical intervention must:

□ **Always be used as a last resort**

- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded and reported to parents

Recording of physical intervention

The following should be included in a record of intervention. This can be completed using CPOMS:

- The date, time and place of the incident
- The name of the student involved, date of birth and their year group

- What triggered the behaviour
- What diffusing techniques were used prior to physical intervention
- Why the physical intervention was deemed necessary
- Place where the incident happened
- Time and date parents were informed
- Injuries sustained – if any

The RD should undertake a check on Academy physical restraint records regularly. These should be available on CPOMs.

Individual plans: The complexity and range of need and consequent support for some children and young people with specific needs may be such that physical intervention is the norm and not the exception. Such planned physical intervention should be recorded and monitored through the young person's individual plan. In order to link to the Oasis Ethos and 9 habits each plan should link to the habits and involve the student identifying at least one or more of the habits they need to embed as part of their character.

Training: If there is a need in the Academy for physical intervention staff should have regularly updated training in physical restraint. Principals should consider whether members of staff require any additional training to enable them to carry out their responsibilities and should consider the needs of the students when doing so. Training should be undertaken by a recognised provider. Local Authorities often provide advice and guidance to help schools to develop an appropriate training program. All training should be accredited by BILD <http://www.bild.org.uk/our-services/workplace-training/>
